

### **Kim Green Joins Willis Group to Form Consumer Products Practice**

New York, NY, May 27, 2003 - Willis Group Holdings (NYSE: WSH), the global insurance broker, announces today the appointment of Kim Green, with 20 years of insurance industry experience, as National Practice Leader of the broker's newly formed Consumer Products Practice Group. Green joins Willis from Aon's New York office where she served as Senior Vice President and was consistently among their top producers in North America.

At Aon, Green provided innovative risk management insurance services and consulting solutions for commercial and industrial enterprises, financial institutions and non-profit organizations. Prior to joining Aon, Green was founder and President of her own insurance brokerage and attracted an impressive client roster. She sold the firm to and joined Aon in 1995.

"Throughout her career, Kim Green has shown a dedication to clients, a passion for excellence in her own business practices and an entrepreneurial spirit all of which has resulted in her being a perennial industry standout," said Mario Vitale, CEO of Willis North America. "Time and again, she has grown revenue and met market challenges by developing solutions to increasingly complex client needs. Kim's joining Willis is a clear indication that the Willis Model - global resources combined with local delivery - is a key marketplace differentiator for us."

"I am extremely excited about becoming a member of the Willis team and am very pleased with the welcome that I have already received," said Green. "I am particularly impressed with the organization's focus on providing innovative products, the high quality of intellectual capital and world class service to clients along with the strong returns to stockholders. The Willis culture and model provide the support and opportunity to meet clients' increasingly complex business and insurance needs in a truly differentiating matter"

Green began her career in insurance with Chubb as a trainee in 1983 serving as an underwriter in the Financial Services and Excess Umbrella casualty area before joining the New York office of Alexander & Alexander in 1986 where she managed that operation's largest portfolio of Fortune 1000 accounts.

Willis Group Holdings Limited is a leading global insurance broker, developing and delivering professional insurance, reinsurance, risk management, financial and human resource consulting and actuarial services to corporations, public entities and institutions around the world. With over 300 offices in more than 80 countries, its global team of 13,000 associates serves clients in some 180 countries. Willis is publicly traded on the New York Stock Exchange under the symbol WSH. Additional information on Willis may be found on its web site: [www.willis.com](http://www.willis.com).
