## Environmental Liability

### Willis Webcast/Conference Call on December 2 to Address Disclosure Obligations and Market Solutions

**New York, NY, November 30, 2004** – Corporate governance transgressions and failures of recent years have stimulated unprecedented investor scrutiny, regulatory vigilance and demand for transparency. Disclosure of environmental liabilities – long perceived to be inconsistent and at times misleading – has become ever more important.

As a component of our Client Advocate model and a reflection of our commitment to maintain open communications with our clients, **Michael Balmer** and **Rick Secchia**, Senior Vice Presidents in Willis' Environmental Practice, will host a webcast/conference call on Thursday, December 2 at 2 PM Eastern Time to discuss current requirements for appropriate disclosure of environmental liabilities, the steady flow of events that have focused corporate attention on this area and insurance solutions that may form an integral part of programs to contain and manage environmental exposures and liabilities.

Interested parties may access the conference call by calling (800) 857-4779 (domestic) and +1 (773) 799-3433 (international) with a passcode of Willis. The webcast and accompanying PowerPoint presentation are available via [www.willis.com/Extras/webcasts.aspx](http://www.willis.com/Extras/webcasts.aspx). Media are invited to attend and participate. Participants are asked to call in 10 minutes prior to the call in order to register for the event.

The conference call may also be accessed in a listen-only mode via the link above. A replay of the call will be available through February 2, 2005 at 5:00 PM Eastern Time, by calling (800) 627-8064 (domestic) or +1 (402) 220-0234 (international) with no passcode, or by accessing the web site.
