Willis Strengthens Construction Practice

New York, NY, June 27, 2005 – Willis Group Holdings (NYSE: WSH), the global insurance broker, continuing to strengthen its specialty practice groups, today announces that Paul Primavera has joined Willis' Hunt Valley, Maryland operations as Senior Vice President, Claims Management in their Construction Practice.

Primavera will lead efforts in claims for construction related clients as part of a strategy to bring a higher level of client advocacy to national claims efforts. Primavera is also tasked with developing Willis' claims protocols and seeking new ways to increase value-added services for the practice.

Prior to joining Willis, Primavera was Vice President of Construction Claims for St. Paul Travelers. He has over 17 years of claims experience in a variety of roles including claims adjustment, supervisory and management.

Welcoming Primavera, Paul Becker, North American Construction Practice Group Leader, said, "Paul is a great addition to our construction practice. As part of our Client Advocacy model, we recognize that claims advocacy is fundamental to our value proposition. For too long, the insurance sector has relegated claims payment to an administrative function when really it should be something we are great at. Paul's joining Willis demonstrates our commitment to this critical component to controlling our clients' total cost of risk."

Willis Group Holdings Limited is a leading global insurance broker, developing and delivering professional insurance, reinsurance, risk management, financial and human resource consulting and actuarial services to corporations, public entities and institutions around the world. With over 300 offices in over 100 countries, its global team of 15,800 Associates serves clients in 180 countries. Additional information on Willis may be found on its web site: www.willis.com.
