

GLOBAL PRACTICE

By integrating the world's leading Superyacht insurance specialists with the oldest marine insurance broker, Willis offers experience, ingenuity, best advice and unparalleled service to discerning Superyacht owners.

The world's largest dedicated and most experienced marine team with over 70 offices worldwide. Our UK based yacht insurance specialists compliment the entire marine team by providing direct access to Lloyd's and London underwriters as well as those in continental Europe. When Lloyd's and/or London underwriters are used, a single budget item for all income earned by Willis is transparent to you.

We are proud that the owners of 12 of the world's largest 20 yachts and 29 of the largest 100 have already chosen Willis as their yacht insurance broker. Our yacht insurance specialists understand that a yacht is more than just a vessel, it is a passion.

Our strength of presence in key global markets has earned us strong relationships with both traditional yacht insurers and commercial marine insurers who may be more appropriate for larger Superyachts.

CLAIMS SERVICE

We are as specialized in yacht claims advocacy as we are in assessing risks and creating risk management programs. With experience gained from handling 7,500 claims each year we have a proven track record of excellence.

Areas of expertise include:

- Hull and Machinery
- War Risks/Piracy
- Kidnap and Ransom
- Protection and Indemnity
- Crew Personal Accident
- Builders Risks
- New Build Risk Management
